I.D.# 22166

Dear General Morales:

Attached is a copy of Opinion No. WW-1246, issued on January 26, 1962, relating to the question of:

"Whether Article 2654b-1, Vernon's Civil Statutes, as amended by Acts 56th Legislature applies to military service veterans, otherwise qualified, who have not been 'honorably discharged' from such military service."

In light of the fact that the aforementioned opinion was issued over thirty years ago and men and women in this country have fought and been discharged from the military in relation to other military conflicts our country has engaged in, I wish to request a reconsideration of this opinion.

Thank you in advance for your consideration and please contact me if you have any questions.

Sincerely,

Hugo Berlanga
